INTUITIVE EQUIPMENT SOLUTIONS FOR MODERN VEHICLE SERVICE OPERATION

MAXIMIZE PROFITS AND IMPROVE EFFICIENCY

For auto dealerships and vehicle service garages, bulk fluid management is critical for realizing maximum profitability. Graco's automotive shop equipment helps you develop a seamlessly connected shop to gain insight, control and reporting on your fluids, and allows you to make smarter decisions to drive increased operational efficiencies.

ACHIEVE GREATER ACCOUNTABILITY AND INVENTORY CONTROL

You need to see where every drop of fluid goes to more accurately bill customers, hold technicians accountable and improve reordering. Graco's bulk oil, coolant, water, and windshield wash systems give you visibility into your fluid usage and tank levels in an intuitive online data management system.

LEVERAGE A POWER BRAND IN VEHICLE SERVICE EQUIPMENT

Graco's legacy is built on developing new technology to drive increased profitability for our customers. We pride ourselves in delivering premium products paired with the best customer service in the industry. And we back our products with best-in-class warranties to give you peace of mind and ensure long-term investment protection.

NOT ALL FLUID MANAGEMENT SYSTEMS ARE BUILT THE SAME

Service professionals trust Graco solutions to elevate everyday performance.

- **Transparency.** Monitor every drop, every time – automatically.
- **Accountability.** Track issues to the source.
- **Integration.** Capture data, integrate with popular DMSs and share data with key stakeholders quickly.
- **Inventory management.** Monitor fluid inventory and schedule refills to minimize delays and excessive costs.
